Beyond Reiki School Closes 30th of June 2009

For many, who have been attuned under the School's auspices, this may come as a shock, however every consideration will be made to help Members of the School to assimilate this decision into their own development. There will be a full schedule of courses, offered over the next Nine months, all the way to Mastery - in The Golden Reiki Way lineage. Two Mastery courses are scheduled in June 2009, with the limited possibility of adding a third course, should numbers of successful applicants warrant this.

Necessity of School Closure

As I'm sure you will appreciate there have been many highs and lows, whilst supervising the Attunement of 88 Foundationers and 44 Journeyman. The highest point for me, would be the establishment of the Golden Ray and yet the lowest point for me, would be in struggling to recover from the explosive reaction to this achievement. Nothing is achieved without cost, however following an official audit on the School's activities, it has been found that the Calorific expenditure to prepare candidates for training, has greatly exceeded the revenue that can be generated from these activities, when carried out in the School model. In other words sustaining the School is no longer financially viable, in the current economic climate. Over the next nine months the School will fulfil its outstanding teaching commitments.

I'd like to take this opportunity to thank those of you who were able to refer people to the School, for Treatment and Attunement. Without this assistance we would have achieved far less. Without the early financial backing of Business Clients none of this would have been possible. Those of you who are Parents will probably recognise the syndrome of paying too much attention to the naughty children, when the quieter ones are inadvertently overlooked.

I must take full responsibility for the failure to successfully market the School. Whilst Marketing is The Dark Side of The Force, I'm certain now that I could have done better, had I not been constantly waylaid and knocked off course, by those I'd allowed too much access.
