## Messages From Beyond

**BEYOND**  
Reiki Newsletter

From  
Chris Massey

Phase 1  
LAUNCH

1st June 07  
Issue 1

From the outset of this journey I would like your permission to help re-define the parameters of your possible experience. Your world-view may be challenged and some of your belief systems could be overthrown. Anything less would be merely palliative and a waste of precious time. This newsletter may have reached you promptly or through a most circuitous route. Whatever the situation, or condition on arrival, the intention behind these words is the delivery of uplifting ideas.

Announcing a web site dedicated to personal and global healing. The Beyond Reiki Platform is a truly creative response to the needs of current and future students alike. Maybe you have recently seen Spiderman III and are appreciating how your own dark side is functioning? The site launches a ten level energy platform that will be beaming clean elf light into the darkest crevices!

# Energy of The Moment

## ENERGY of the Moment

The World Wide Web has many rather Spiders like attributes, so it can be friendly or ferocious depending on your point of view. It can also be very like Spider webs - sticky and covered in little corpses, like Shelob's lair in Tolkien's The Lord Of The Rings!

Proceed forward with an open heart and allow your expectations of reality to be given a polite prod, whilst remembering that you are personally responsible for the life experience that you help to generate! I intend to help your find an exhilaratingly clear and clean re-structuring of your relationship to your self and the entire world.

## Artificial Intelligence

## ARTICLES OF Interest

When you visit [www.beyondreiki.co.uk](http://www.beyondreiki.co.uk) you may experience a number of unusual shifts in perception. This is simply because the site is not a passive generator of images, but will actively make a scan of your intention. For those who have not yet had your Treatment Training fine tuning, after your Journeyman Second Degree, this may feel disconcerting. The scan is carried out by a form of Artificial Intelligent and occurs whilst you are reading the Chris Massey page.

## Reiki Perspectives

## REIKI Perspectives

Please submit any interesting perspectives, when experience the giving or receiving of treatments, in The Golden Reiki Way, so that short extracts can then be included in future newsletters. The aim is to help students realise potential.

Thank you to David for constructing the site with me, to Belinda for your kind sub editing, plus the beautiful Swan image and to Nicola for the Chris Massey image.

Thanks for the testimonials from Ricky, Kris, Stephen, Naazi, Ilona, Anna, Catherine, Tobi, Michelle, Kezzie, Anton, Yulinda & Sarah.

## CONDUCT

This first newsletter encourages brevity of message, but the following issues will sometimes carry substantial articles, so please let me know if you wish to receive monthly "Messages from Beyond".
